Projects

VG Stock

This project is inspired by Pexels like websites. Users can download videos-images from this website and users can also upload videos-images in this platform. There is a search bar and filter buttons so that users can find the desired content. Pexels Api is used to call these Images-videos data. There is also a sign up and login page. This is responsive also.

- HTML, SASS, JavaScript and PHP

Listen Pure Ecommerce

Listen Pure is an ecommerce website. Here users will find branded earphones, headphones, neckbands, etc. This website also has a search bar, add to cart and this website is responsive also. Items in the cart which are selected by the user are stored in the local storage.

- HTML, SASS, and JavaScript
